Our commercial printing department enhances our ability to maintain a one-stop environment for most all of your graphic needs.

From simple one- and two-color work to more complex four-color printing, we can assure you of the quality and professionalism needed.

From original design to printing, final bindery and mailing, you can rely on us to complete your project quickly and efficiently.

Over 275 co-workers and 110,000 sq. ft. manufacturing facility blend together to accommodate the printing requirements of our customers and our own publications.

Equipped with some of the finest state-of-the-art equipment available, we are prepared for the smallest to the most sophisticated jobs. From the moment your project enters our doors it will receive careful attention to detail with uncompromising standards.

Goss Community

The heart of our printing plant includes the 21-unit Goss Community. With running speeds up to 30,000 papers per hour, we specialize in printing on uncoated paper-quickly and efficiently.

The Goss Community® press is a single width, one plate-around web offset press for printing color newspapers and semi-commercial products.

The Community is known worldwide as a productive, durable, flexible and operator friendly press for local newspaper and contract print production. Since its introduction in 1962, the Goss Community press system has become the world's most popular web press with over 35,000 units sold.

Design evolutions and new features make today's Community a reliable and economic choice for printing a wide variety of products on coated and uncoated paper.
